

GIRAFFE BOTTLE

This hands free drinking solution allows users with various abilities to stay hydrated. It is designed to be flexible and easy to use.

The Giraffe Bottle Solution

The Giraffe Bottle Hands Free Drinking System is great for desks, wheel chairs, and more. This helps people with disabilities, injuries, or other conditions including Cerebral Palsy or Multiple Sclerosis. **Hydration is important to your body, heart, brain, and muscles** and depending on your mobility, getting a drink isn't always an easy task. The Giraffe Bottle provides another level of independence and it also frees up the parent or caregiver.
