Seat Depth: 13 in.	Frame: Aluminum
Folding Height: 12 in.	Chair Weight: Under 52 lbs.

FAST, EASY, PORTABLE

Mobility issues won't slow you down with your Zinger! Simply pull the release cable and it folds to just 10" in seconds. No parts to assemble or disassemble. At just 47 lbs., including the battery, it's light enough for you to put it in your back seat or trunk.

SIMPLE JOYSTICK STEERING

Just move the joystick in the direction you want to go. The joystick moves you forwards, backwards, and to either side. You have full 360-degree control. Speed is controlled by the range you select and by how far you push the joystick.

Zinger is not intended for medical purposes to provide mobility to persons restricted to a sitting position. It is not covered by Medicare or Medicaid.

Zoomer is not intended for medical purposes to provide mobility to persons restricted to a sitting position. It is not covered by Medicare or Medicaid.
