

The

LAUREL

Medical Solutions

Difference

We help seek practical and creative solutions to allow your patient to live up to their full potential at home, in their community and workplace. Our goal is to provide your patient with the information and tools they need to

Improve Their Quality of Life.

OUR PROCESS

Our certified group of specialists provide free on-site virtual assessments, and offer recommendations for individuals to maintain safety and independence in their home. We get to know the patient, to understand their goals, consider their physical limitations, evaluate the environment, assess the need and make recommendations for various equipment options.

CARE, COMPASSION UNDERSTANDING

Our staff is highly trained and certified to not only understand the diagnosis of your patients, but also their prognosis. This enables us to not only assist in finding them the best solutions for their needs right now, but also what they may face in the future.

EDUCATION

We, not only, want to be your partners in patient care, but also a resource for you, and your patient. Each and every patient's needs are unique, and we understand. We have the ability to find the answer and solutions to the varying needs of every situation. This is attributed to our staff certifications and proactive continuing education opportunities.

BOTTOM LINE

You provide reliable in-home personal care services to any individual with any disability. Your main goal being, to enhance the **quality of life and independence** of your patients. Our goal is commitment to patient care by providing equipment and services to improve the **quality of life** for our patients. We have been an active and local company, based out of Ebensburg; proudly serving Cambria, Somerset, Blair, Westmoreland, Indiana, Huntingdon, Clearfield, and Jefferson counties since 1986.
